Allowable Subject Matter

Claims 1-2 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest either alone or in combination a method of diffusion welding different materials in air as recited by claim 1, particularly applying the hydrocarbon coating to the surfaces to be welded; and providing additional pulses to the butt area of the pieces after the welding temperature has been achieved, in order to improve the quality of the weld by homogenizing the temperature distribution over the butt area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art of record that is cited as of interest is presented on the form-892.
